

# Plants: Growth & Needs

Name: \_\_\_\_\_

Date: \_\_\_\_\_

Grade: Grade 1

## Part A: Multiple Choice

Circle the best answer for each question.

1. Your plant looks droopy and the soil feels dry.  
You should...

- A) Give it some water
- B) Put it in a dark closet
- C) Pour salt on the soil
- D) Pull off all the leaves

2. The soil is very wet and leaves are turning yellow. What should you do?

- A) Add more water now
- B) Stop watering for a while
- C) Cover it with a blanket
- D) Move it far from any sun

3. Your plant has pale leaves and sits in a dark corner. Try to...

- A) Hide it under a box
- B) Move it near a sunny window
- C) Give it less water
- D) Plant it in a smaller pot

4. Which list shows the best daily care for a plant?

- A) Sun, water, air, good soil
- B) Darkness, soda, bugs
- C) Ice, salt, no air
- D) Only dirt, no water

## Part B: Fill in the Blank

Write the correct answer on each line.

1. Check the soil with your \_\_\_\_\_ before you water.
2. Put your plant near a sunny \_\_\_\_\_ to get light.
3. Give a little water, not \_\_\_\_\_ water at once.
4. Use a pot with a small \_\_\_\_\_ in the bottom.
5. Wipe dust off leaves so they can catch the \_\_\_\_\_.

**Part A: Multiple Choice**

Circle the best answer for each question.

1. Your plant looks droopy and the soil feels dry. You should...

- A) Give it some water
- B) Put it in a dark closet
- C) Pour salt on the soil
- D) Pull off all the leaves

2. The soil is very wet and leaves are turning yellow. What should you do?

- A) Add more water now
- B) Stop watering for a while
- C) Cover it with a blanket
- D) Move it far from any sun

3. Your plant has pale leaves and sits in a dark corner. Try to...

- A) Hide it under a box
- B) Move it near a sunny window
- C) Give it less water
- D) Plant it in a smaller pot

4. Which list shows the best daily care for a plant?

- A) Sun, water, air, good soil
- B) Darkness, soda, bugs
- C) Ice, salt, no air
- D) Only dirt, no water

**Part B: Fill in the Blank**

Write the correct answer on each line.

1. Check the soil with your finger before you water.
2. Put your plant near a sunny window to get light.
3. Give a little water, not too much water at once.
4. Use a pot with a small hole in the bottom.
5. Wipe dust off leaves so they can catch the sun.
