Part A: Fix the Sentence

Each sentence has an error. Rewrite it correctly on the line.

1. Fix the sentence: *Leaving no space between cursive words makes your writing easier to read.*

Rewrite: Leaving a small space between cursive words makes your writing easier to read.

2. Fix the sentence: *Moving your whole arm instead of your fingers makes cursive letters smaller.*

Rewrite: Moving your whole arm instead of just your fingers helps your cursive flow more smoothly.

3. Fix the sentence: *You should change the angle of your paper every few words for better control.*

Rewrite: You should keep your paper at the same angle the whole time you write for better control.

Part B: Fill in the Blank

Write the missing word or number on each line.

1. The space between two cursive words should be about the width of a finger .
2. Using your arm to guide the pen instead of only your fingers gives you better control .
3. Keeping your paper tilted at a comfortable angle helps letters slant evenly.
4. Pressing too hard with the pencil can cause your hand to feel tired quickly.

Part C: Short Answer

Answer each question in one or two complete sentences.

1. What happens to your cursive writing if you do not leave enough space between words?

Without enough space between words, the letters run together and the reader cannot tell where one word ends and the next begins.

2. Why is it helpful to use your whole arm when writing in cursive instead of just your fingers?

Using your whole arm gives smoother, larger strokes and reduces hand cramping so you can write longer without getting tired.
