

US Regions and States

Name: _____

Date: _____

Grade: Grade 4

Part A: Fix the Sentence

Each sentence has an error. Rewrite it correctly on the line.

1. Fix the sentence: Texas is located in the Northeast region of the United States.

Rewrite: _____

2. Fix the sentence: The Southeast region is known for its cold, snowy winters all year long.

Rewrite: _____

3. Fix the sentence: California is a state in the Midwest region near the Great Lakes.

Rewrite: _____

Part B: Fill in the Blank

Write the missing word or number on each line.

- The five US regions are Northeast, Southeast, Midwest, Southwest, and _____.
- The _____ Lakes are a major feature of the Midwest region.
- Florida is a state in the _____ region.
- The Rocky _____ stretch through the western part of the country.

Part C: Short Answer

Answer each question in one or two complete sentences.

1. Name two states in the Northeast region and one feature of that region.

2. Why is the Midwest sometimes called the breadbasket of America?

Part A: Fix the Sentence

Each sentence has an error. Rewrite it correctly on the line.

1. Fix the sentence: Texas is located in the Northeast region of the United States.

Rewrite: Texas is located in the Southwest region of the United States.

2. Fix the sentence: The Southeast region is known for its cold, snowy winters all year long.

Rewrite: The Southeast region is known for its warm, humid climate.

3. Fix the sentence: California is a state in the Midwest region near the Great Lakes.

Rewrite: California is a state in the West region along the Pacific Ocean.

Part B: Fill in the Blank

Write the missing word or number on each line.

1. The five US regions are Northeast, Southeast, Midwest, Southwest, and West .
2. The Great Lakes are a major feature of the Midwest region.
3. Florida is a state in the Southeast region.
4. The Rocky Mountains stretch through the western part of the country.

Part C: Short Answer

Answer each question in one or two complete sentences.

1. Name two states in the Northeast region and one feature of that region.

New York and Massachusetts are in the Northeast. The region has large cities, harbors, and cold winters.

2. Why is the Midwest sometimes called the breadbasket of America?

The Midwest has flat, fertile land that is ideal for growing crops like corn and wheat, so it produces much of the nation's food.
