Part A: Fix the Sentence

Each sentence has an error. Rewrite it correctly on the line.

1. Fix the sentence: Michigan is located in the Southeast region near the Gulf of Mexico.

Rewrite: Michigan is located in the Midwest region near the Great Lakes.

2. Fix the sentence: The West region is known for its flat prairies and cornfields.

Rewrite: The Midwest region is known for its flat prairies and cornfields.

3. Fix the sentence: The capital of Colorado is Boulder.

Rewrite: The capital of Colorado is Denver.

Part B: Fill in the Blank

Write the missing word or number on each line.

1. Fishing and shipbuilding are important industries in the Northeast region.
2. The technology industry is centered in Silicon Valley in the state of California.
3. Coal mining is an important industry in the state of West Virginia.
4. Cattle ranching is a major industry in the Southwest region.

Part C: Short Answer

Answer each question in one or two complete sentences.

1. Name one natural resource found in the West region and explain why it is important.

Lumber is an important natural resource in the West region. The tall forests in states like Oregon and Washington provide wood for building homes and making paper.

2. How does the climate of the Southeast region help its farming industry?

The Southeast has a warm, humid climate with a long growing season. This allows farmers to grow crops like oranges, peanuts, and tobacco.
